Finally, Free!

Support and Resources for **VICTIMS** and **SURVIVORS** of **Domestic Violence**

*How do those oppressed find freedom from their intimate relationships?
How can victims learn to value themselves more?
How do you support victims?*

Dr. Dellia Evans is a well-respected practicing optometrist for over 25 years and has helped over 250 thousand patients to improve their vision and view their lives with greater clarity.

Dr. Dellia not only helps people to see more clearly physically, but also spiritually. She has learned the power of shifting her focus from a more external view to a more internal view. This has helped her to live a transformational life. She has identified misunderstandings that many people have that keep them captive in their current situations. Dr. Dellia is an exciting, engaging guest to interview. Her book, **Heart Vision**, helps readers to look with their heart and see more clearly the path they should take. **Heart Vision** and its companion workbook, **Heart Vision Journal**, can be ordered on Amazon [here](#) and [here](#), or at any local or national book store.

WHAT OTHERS ARE SAYING:

"When I listened to Dr. Dellia, for the first time I was able to face my suppressed memories of domestic violence...after hearing her, I can now honestly say, 'I am a real survivor!' just as Dr. Dellia!"
